## THIRTY-SEVEN ARE DEAD

Estimate That Is Given by the Chicago Tribune.

## FOURTH'S FATAL FIGURES

Most of the Mishaps, as on Birthday Anniversary of Nation Last Year, Due to Careless Handling of What Are Terned "Harmless Explosives."

Chicago, July 5.—Thirty-seven men, women and children are dead and 2,153 are maimed, lacerated or burned as the result of the excess of patriotism on the Fourth in the United States, says the Tribune. The number of dead does not include five drowned during the day.

The roster of the dead is four more than last year's mortality. A year ago thirty-three persons were dead on the morning after the Fourth, not including five drowned.

Unfortunately the death roll will increase day by day, and even the late days of August will witness additions to it. Tetanus, that grim aftermath of gunpowder wounds, claims its victims by scores and even by hundreds for weeks after the Fourth of July.

New York leads all the cities in the number of killed and injured. Ten persons are dead in that city, while six more are so seriously hurt it is expected they will die. At the New York hospitals 423 injured persons are being treated. No record was made of the number of dispensary cases cared for.

The police doubtless averted a greater casualty list by arresting 428 men and boys for carrying weapons.

There were 116 fires in Greater New York during the day. These figures break all Fourth of July records for the big metropolis.

Pittsburg ran New York a close second in the grim race, nine persons yielding up their lives on the altar of frenzied patriotism.

Chicago, although the second city of the country, added only two dead to the nation's total.

Springfield, Ill., supplied three victims, Chatham, Ill., two, and Aberdeen, S. D., two. No other town or city in the country gave up more than one of its own to death.

The total number of injured, 2,158, is under last year's figures which were 2,789.

The figures show that this year, as last, the most of the casualties were due to carelessness in handling firecrackers and other forms of "harmless explosions."

Victims of gunpowder this year stand second in number, but show a marked decrease from last year's figures.

The crusade against the deadly toy pistol seems to be bearing fruit, as this year only 205 victims are reported, as against 304 last year.

## FIFTEEN VIOLENT DEATHS.

Included in the List Are Two Alleged Murders and a Suicide.

Pittsburg, July 5.—All records for fatalities following the celebration of Independence day were broken this year. Up to 10 o'clock Friday fifteen violent deaths were reported to coroner's office, while the number of injured is three-score. This list of dead, which were compiled from cases reported at the coroner's office and morgues from Wednesday night until Friday morning, includes two alleged murders and one suicide, besides numerous accidental deaths. It is said many of the injured will die.

## COULD NOT BEAR NOISE.

Mrs. Johanna Everett Hangs Herself From a Bedpost.

New York, July 5.—Distressed by the noises of the Fourth of July celebration, Mrs. Johanna Everett, a widow, hanged herself from a bedpost in her home at Jersey City. Mrs. Everett suffered from ill health and she complained she could not stand the noise of exploding fireworks.

## Quarrel Causes Tragedy.

Springfield, Mass., July 5.—James Delehanty is dead as the result of a murderous attack which Maurice Hills of Chicopee made upon the divorced wife of Hettie W. Hills, and Mrs. Hills is seriously wounded. The murderer is under arrest. The shooting resulted from a quarrel over the disposition of farm property near Long Meadow, the title to which was in Mrs. Hills' name and which Hills wished to sell.

## Too Weak to Endure Racket.

St. Joseph, Mo., July 5.—Theresa Goodman, aged seven, died in convulsions caused Fourth of July explosions. She was in a weakened condition as the result of diphtheria, from which she was recovering. The discharge of blank cartridges near a window threw her into convulsions.

## Costly Cartridge Chewing.

Paris, Tex., July 5.—Baggagemaster Warren of the Texas and Pacific railway chewed a cartridge. The cap exploded, mangling his tongue.

## Collin County Tragedy.

McKinney, July 5.—Near Pooltown, eight miles southeast, Lite Chaney was shot and killed. Wiley Duke surrendered.

## SQUIRES SOON STOPPED

Australian Put to Sleep During First Round By

## TOMMY BURNS OF CANADA

American Pugilist Became Busy Right After the Preliminaries Were Gone Through and in Little Over Couple of Minutes All Was at an End.

San Francisco, July 5.—Bill Squires, the much-heralded champion of Australia, succumbed to the blow of a Canadian fist at Colma, after he had been in the ring two minutes, by Tommy Burns. The men who witnessed the brief engagement between the two pugilists were charitable enough not to call him a "dub," but they designated him as a "false alarm" who should have been pitted against a fourth rate fighter, rather than any pugilist with the slightest possession of ring skill. To say that 9,000 persons who journeyed to Colma to witness the fight were disappointed would be phrasing it too mildly. It was a hot day, and the journey to Colma was a disagreeable one. Hundreds of persons came from other states to see the great fighter of the Antipodes battle with the light heavyweight champion of the United States, and anticipation was keyed up to the highest point. From the standpoint of the average spectator the outcome would have been amusing if less effort had been required to reach the arena.

The fight was practically ended the moment the gong sounded for the men to advance to the center of the ring. That the defensive skill of the Australian was exceedingly poor was speedily attested, for in ten seconds he was prone on the mat. A well-directed right from Burns' fist struck him full upon the jaw. It did not have force enough behind it to give Squires his quietus, and after taking the count of four he arose in a wobbly fashion and rushed at Burns. The two came into a clinch immediately, but were immediately separated in the center of the ring by Jim Jeffries, the referee. Burns lost no time in following up the advantage he had gained so early. First shot his dangerous right again, and in a second the champion of Australia was on the canvas with the undefeated champion of the world standing over him counting off the seconds. But the end was not yet. Squires evidently had some staying powers in the face of his punishment, and he rose weakly and slowly, while Jeffries held Burns back until his adversary was in position to defend himself. But Squires had little defense left. The terrific rights to the jaw had accomplished the result, and the men were barely in position again when the champion resumed his telling aggressive campaign. Burns landed where and when he pleased, and in a few seconds, under the rain of blows the arms of the Australian dropped in a helpless fashion by his side. Then the finish to the fight came. Burns deliberately selected his mark, and with all the power that was lodged in his shoulders he sent his right to the point of the jaw. It seemed almost a needless task for Jeffries to go through the formality of counting the man out. There was not a spectator in the arena who did not realize that the fight was over, and a rush was made to the ring to congratulate the victor. The fight lasted exactly two minutes and eight seconds.

The fight proved nothing more than that Squires was a much overrated man. Burns, while demonstrating immeasurable superiority over the Australian, did not have an opportunity to demonstrate whether or not he is actually entitled to the high pugilistic title that has been bestowed upon him.

## RING LEADER SLAIN.

Jailer Gale, With Aid of Gun, Prevents Escape of Prisoners.

Raton, N. M., July 5.—In an attempt by the half dozen inmates of the county jail to overpower the jailer and gain their freedom, a prisoner named Brown, who was ringleader in the jail-breaking attempt, was shot and instantly killed. The attempt was frustrated by Jailer John Gale, single-handed. The other inmates were forced back into their cells at the point of the jailer's gun.

## Substantial Remembrance.

Findlay, O., July 5.—Miss Ethel Rish of this city received \$20,000 from Mrs. Mary M. Kendall of Oswego, N. Y., whom she befriended three years ago at Toledo. Mrs. Kendall was injured on a street and Miss Rish saw that she was given proper attention.

## Florida Bank Closed.

Washington, July 5.—On information from National Bank Examiner McDonald, that the Fort Dallas National bank of Miami, Fla., was insolvent, the controller of the currency ordered it closed. Liabilities are placed at \$808,466.

## Fought Over Six Bits.

St. Louis, July 5.—As the result of a quarrel over 75 cents Ignatius Kurilla was shot dead. Steve Dubinski shot twice through the abdomen and will probably die and Andy Hunaea arrested on charge of having done the shooting.

BY CARNES & WALLACE

BRYAN, TEXAS, JULY 6, 1907

The South is still apathetic about burning powder on the Fourth. With the sun hot enough to burn holes in solid sheets of asbestos nobody seems much disposed to enthuse about fire works. For all of which may the Lord be praised.

A restraining influence with thoughtful Japanese appears to be the idea that if they should have serious trouble with the United States a third power might profit by it more than they, and use them for raking chestnuts out of the fire.

America and Great Britain are now doing eighty-five per cent. of all the foreign missionary work of the world. With the men of these two countries aroused to their duties and responsibilities all missionary work should make great progress in the next few years.—Christian Observer.

After encamping round about the home of Jno. D. Rockefeller for several days, it appears that a minion of the law has at length been able to serve a subpoena on him. In view of his success in so long eluding process, wonder how long it will take to make him tell what he knows about Standard oil.

The Farmers' Union should stand as firmly for the word of its members as it does for the rights of its members. The word or name of a Union farmer on a package or bag ought to be the only guarantee that the purchaser would think of demanding, and the Union can make it so. This is one of the important duties of the Union.—Rockdale Reporter.

The "Nashville idea," under which the Nashville school board has declined to employ any negro teacher from the north, has already become famous. The view correctly taken by the Nashville school board is that northern negroes are undesirable because they have ideas that invariably bring on trouble, and the motto, "Southern Negro Teachers for Southern Negro Schools," bids fair to be very generally adopted.

### IKE MINOR KILLED NEAR MUMFORD.

Alleged Slayer Arrested on Woods Place  
—Will be Brought Here.

Somewhere about 9 o'clock yesterday morning a negro named Ike Minor was shot and killed near Mumford. Another negro named Independent Williams is charged with the killing, and officers went in pursuit of him yesterday morning as soon as news of the tragedy was received here.

According to the report Minor and Williams worked on adjoining places, and the shooting was done with a musket, Minor being shot in the face. Williams then made his escape.

LATER—Minor was killed on Malinda Johnson's place, and Williams, who is charged with the shooting, was arrested on the Woods place above Mumford yesterday, and will be brought here today. Dogs were used in the pursuit of the negro.

### LUMBER FOR SALE

Sealed bids on any part or all of the fences around the fair grounds will be received until July 10th. Posts reserved. Address all bids to John F. Ettle, Sec. 182.

### SCHOOL BOARD MEETING.

Board Has Authorized Repairs and Improvements and General Cleaning Up of the Grounds.

The school board held a regular meeting yesterday afternoon and after the transaction of routine business, authorized the committee on buildings and grounds, Messrs. E. J. Jenkins and A. M. Waldrop, to secure bids for repairs on the east side school and colored school buildings and for some improvements in all the school property. Sheds will be built for the west side school, and both the white schools will have new fences built. The repairs on the buildings will be quite extensive and the grounds will be thoroughly cleaned up and put in good shape.

### NEW FISCAL YEAR

The new fiscal year, which began July 1, was accompanied by some important changes in the Federal laws, some benefiting certain classes, and others being of interest to the general public.

After July 10 cents worth of ordinary stamps, in addition to the required letter postage, with the words, "Special Delivery" written across the envelope, will be an acceptable substitute for the regular special delivery stamp.

The new \$10 gold certificate will make its debut. On the face of this new denomination of gold certificate is an excellent likeness of Michael Hyllegas, the first treasurer of the United States, taking up nearly the entire space. This is done in order to make it hard to counterfeit.

Nearly 20,000 postal clerks and more than 24,000 city letter carriers get increase of salaries. Rural carriers also come in for a raise, and railway mail employees.

The compensation of railroads for carrying the mail is reduced. Every postmaster for the next six months will keep a record of the weight of mail of each class. The new immigration law, regulating the solicitation of immigration, and the accommodations to be accorded immigrants aboard ship, go into effect.

The reorganization of the artillery corps also will go into effect.

The department of commerce and labor will begin its investigation into women and child labor.

The United States is allowed the right to a writ of error to the supreme court of the United States in certain criminal cases to test rulings of the lower courts and determine the law.

### THAT TRIP TO MEXICO.

All parties desiring to avail themselves of the trip to Mexico, arranged under the direction of Mr. C. G. Walker, to leave Bryan on Thursday morning, July 11, can secure further and full information from Mr. E. Muenzenberger of San Antonio, general agent of the National Lines of Mexico, who is here today, and will take pleasure in answering any and all questions with reference to rates, cost of trip, etc. Telephone No. 100 will reach Mr. Muenzenberger. 180.

### STATEWIDE PROHIBITION.

#### Organizers of Texas Local Option Association Meet.

Dallas, July 5.—Field workers of the Texas Local Option association met here in annual conference with the executive committee of the organization. President Halsell of Decatur presided and Secretary Ivy of Sherman was secretary. There were twelve organizations present.

All the officers were re-elected as follows: President, M. M. Halsell, Decatur; secretary-treasurer, H. A. Ivy, Sherman, Tex.; executive committee, Dr. G. C. Rankin, Dallas; R. C. Dial, Greenville; L. E. McCormick, Blooming Grove, and the president and secretary.

In the absence of Judge W. K. Homan there was only informal discussion of the topic, "Texas Liquor Law Unconstitutional." It was the generally expressed sentiment of those who declared themselves that the Baskin-McGregor law will be "shot full of holes" in a short time by the attorneys of the liquor interests that it will be virtually a dead letter. The expression was further for an encouraging of the sentiment everywhere to compel the officers of the law to enforce all of the laws, particularly to be careful in the local option districts to see that the local option laws are enforced or to resign.

Resolutions were adopted to the effect that now is an opportune moment for the elimination of the saloon.

### One Dead, Several Injured.

Providence, July 5.—Paul Munroe, a motorman, is dead and Alex. Janelle, also a motorman, is dying, and nearly a score of other persons were severely injured in a collision of three electric cars at East Providence.

### Italian Shot in Abdomen.

New Orleans, July 5.—The Fourth of July has caused one probable fatal injury and included four other victims painfully hurt. An Italian who was shot in the abdomen with a small caliber rifle ball, was the worst hurt.

### This For Catarrh.

ee tests are now being supplied by mail to all Catarrh sufferers. There is no expense—no obligation whatever. Dr. Shoop is combining Oil of Eucalyptus, Thymol, Menthol, Oil of Wintergreen, etc., and is incorporating these ingredients into a pure, snow-white cream-like Imported Petroleum. This Creation—Dr. Shoop's Catarrh Remedy—gives immediate and lasting relief to catarrh of the nose and throat. That all may first test it free, these trial boxes are being mailed without charge, simply to encourage these tests and thus fully demonstrate, beyond doubt, the value of this combination.

If Catarrh has extended down to the stomach or bowels, then Dr. Shoop's Restorative must also be used internally.

If a complete cure is to be expected, otherwise the Dr. Shoop's Catarrh Remedy will alone be entirely sufficient.

Nichols, Galveston, delegate at large to the national convention; F. G. Cloud, Austin, sergeant at arms. The delegate to the national convention was instructed to endeavor to secure for Fort Worth the national convention of 1909.

### TERRIBLE TREATMENT.

**Skull of San Francisco Man Fractured and Face Beaten.**

San Francisco, July 5.—With his skull fractured and face terribly beaten up, George McGuire, local manager of Bradstreet's, was found in a dying condition at Jackson and Fillmore streets. According to the story told to the police, McGuire alighted from a street car and started to walk home, a distance of three blocks. As he started up the street he was accosted by a couple of men, who according to a woman, who witnessed the affair, asked McGuire if he had ridden on the car. Upon his replying in the affirmative, he was set upon by the men and beaten into unconsciousness. The police have no clew.

### NINETEEN BATTLESHIPS.

**Admiral Evans Will Eventually Be In Command of That Many.**

Washington, July 5.—Admiral Evans will, it is expected, start out for the Pacific coast with sixteen battleships besides colliers, which will move or less independently, and indeed probably precede him considerably. The armored cruisers, Washington and Tennessee, which are now in French waters, are under orders to return to the United States, and after refitting, proceed to the Pacific coast to form a part of the armored cruiser squadron to be assembled there. It is possible they may be detained and accompany the battleships on the cruise. When Admiral Evans arrives off the Pacific coast his fleet will be increased by the addition of the battleship Nebraska, newly commissioned. The battleships Wisconsin and Oregon, now at Bremerton navy yard, Puget sound, may be added to fleet, which will then comprise nineteen battleships, besides the armored and protected cruisers of the Pacific fleet.

The details of the vast movement of the Atlantic fleet to the Pacific waters have been theoretically worked out weeks in advance by the naval general board.

The opinion of officers on duty is this one is the best route feasible for the big ships, and that is by way of Straits of Magellan.

The route from New York across the Atlantic and through the Mediterranean sea and Suez canal is open to objection, as it would bring the big ships almost into Japanese waters, and the movement might consequently be regarded as a menace, which Secretary Metcalf stated, has never been contemplated. The Suez route, too, is longer by 1,000 miles than the Magellan route. This, according to the best calculation and allowing for short visits to ports not on the nearest sailing routes, is about 13,000 miles in length.

### ALMOST BEATEN TO DEATH.

## Weak Women

**Weak and Siling women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential.**

**Dr. Shoop's Night Cure is the Local.**

**Dr. Shoop's Restorative, the Constitutional.**

**The former—Dr. Shoop's Night Cure—is a topical medicine, which is easily applied, with Dr. Shoop's Restorative is wholly an internal treatment.**

**The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.**

**The "Night Cure," as its name implies, does its work while you sleep, removes sore and inflamed mucous surfaces, heals loose, weak and all discharges, while the Restorative gives nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy.**

**Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system.**

**For positive local help, use as well**
